The cell is the basic unit of life. All living organisms are composed of one or more cells. All cells arise from pre-existing cells

**Unit 4: Cells - Mrs. Callister's 7th grade Science Class ...**  
Your body is made of cells. Cells are called the "building blocks" of life. Adults have about ten trillion (10,000,000,000,000) cells in their bodies! Your body was made when one tiny cell from your father joined another tiny cell from your mother. These two cells became one very special cell, and that very special cell became you!
