cast the child's shortcomings in a posi-tive light, perhaps to promote self-esteem. Whereas most Americans believe that favorable self-esteem is crucial for healthy development, Chinese adults generally see it as unimportant or even negative—as impeding the child's willingness to listen and be corrected (Miller et al., 2002). Consistent with P

Berk makes the study of child development both involving and pleasurable for students. Infants, Children, and Adolescents is written in an engaging, personal style — one that is highly accessible and that contains real-life human-interest stories. The author encourages students to relate what they read to their own lives.

Berk, Infants, Children, and Adolescents Series | Pearson

This book gives clear and detailed examples to bring the subject to life. Each chapter features case studies that run throughout the chapter and develop as the students' own understanding does. Written for undergraduates, the book will become essential to any student wanting a key to unlock the world of child development.
