Be prepared. Bring your general chemistry textbook, syllabus, and any pertinent materials related to your class. Any forms of research material are extremely helpful. Be on time. Sessions are one hour in length. While workshops consist of 10-15 students, our tutors need all of this time in order to provide each participant with the necessary attention and detail to his/her progress.

TLC for Organic Chemistry 1 - Florida International University

Chicago style is perhaps one of the more complex citation styles because it is really two systems under one name. The Notes/Bibliography system is used mainly in the humanities. The Author/Date style is typically used by those in the physical, natural, and social sciences. The main difference between the two systems is the preference for notes (Notes/Bibliography) or parenthetical in-text ...

Here is one of my very first research papers I developed when I took General Biology I Lab. For this report, several aspects of the enzyme amylase (an enzyme that breaks down starch in many organisms) were studied, specifically, the capability to catalyze nutrients in varying conditions such as temperature, pH, pressure, concentration of substrate, among others.
