most popular distributions: Fedora, Gentoo, Mandriva, SUSE, and Ubuntu. Despite what you may have heard, using Linux is not all that hard.

## **Linux Desktop Pocket Guide: 1: Brickner, David ...**

22 | Linux Pocket Guide are wildcards for matching filenames, redirection of command output and input to and from files, pipes for making the output of one command become the input of another, aliases to run common commands quickly, variables for storing values for use by the shell, and more.

## **Lagout**

The Pocket Linux Guide is for anyone interested in learning the techniques of building a GNU/Linux system from source code. The guide is structured as a project that builds a small diskette-based GNU/Linux system called Pocket Linux. Each chapter explores a small piece of the overall system explaining how it works, why it is
