Mapping strategic management research - CORE

Always design your Strategy Map before you think about your scorecard. Do not worry about measures: concentrate on objectives in the Strategy Map. Measures and the rest come later. The creation of the Strategy Map is a process of conversation and exploration within a management team. Never try to short-cut this conversation process.

A strategy map is a diagram that is used to document the primary strategic goals being pursued by an organization or management team. It is an element of the documentation associated with the Balanced Scorecard, and in particular is characteristic of the second generation of Balanced Scorecard designs that first appeared during the mid-1990s.

Strategy map - Wikipedia

Introduction: trends in strategic management research. Strategic management is a youthful discipline. Its origins date back to the 1960s, with its roots to be found mainly in the seminal publications by Chandler (1962), Ansoff (1965) and Andrews (1971). Since then, it has evolved significantly, becoming an ever more mature and consolidated field within the realm of management.
