Emotion and reason each have somewhat different, but complementary and interlaced roles. They both provide information and guide behavior. The structure of thought and reason are more familiar to...

Reason vs. Emotion. "You're so irrational!" | by Robert ...

Again, reason is in the service of emotion. Therefore, any attempt to isolate reason from emotion is fundamentally flawed, because the very act of doing so has an emotional basis. It is this emotional basis of reason that gives reason its normative force. Without any incentive to think reasonably, there would be no reason to practice reason.
