Inequality is a social evil that emanates from social stratification (Bottero 3-8). Origins of the Social Stratification Theory The above theory is said to have emanated from the Judaeo-Christian Bible 'which presents' the social idea of the Greeks.

### **Social Stratification And Inequality Sociology Essay**

According to Davis, social inequality is an unconsciously evolved device by which societies insure that the most important positions are conscientiously filled by the most qualified persons. Hence, every society must possess a certain amount of institutionalized inequality, or social stratification.

### **Social Stratification: Meaning, Origin, Development and ...**

Sociologists emphasize the importance of taking an intersectional approach to understanding social stratification; that is, an approach that acknowledges the influence of racism, sexism, and heterosexism, among other factors. Access to education—and barriers to education such as systemic racism—are factors that perpetuate inequality.

### **What Is Social Stratification, and Why Does It Matter?**

Determining the structures of social stratification arises from inequalities of status among persons, therefore, the degree of social inequality determines a person's social stratum. Generally, the greater the social complexity of a society, the more social stratification exists, by way of social differentiation.

### **Social stratification - Wikipedia**

No individual, rich or poor, can be blamed for social inequalities. The structure of society affects a person's social standing. Although individuals may support or fight inequalities, social stratification is created and supported by society as a whole.
